

Government Furnish Information (GFI) Certification

School Name:				Date:
COL/06 Certifying Availability:				
School Lead/POC:				
dL IMI Product Title:				
Check: New/Redesign Template [] Maintenance [] - Source files available: YES [] NO []				
Proponent certifies availability of:				
	Yes	No	Product Date	Remarks
Training Analysis (From ASAT)				Indicate if ASAT data is or is not available.
a. Mission Analysis (Command Approved Critical Collective Task list)				
b. Critical Collective Task Analysis Report (One for each critical collective task)				
c. Job Analysis (Command Approved Critical Individual Task List.)				
d. Critical Individual Task Analysis Report (One for each critical individual task)				
Training Strategies				
a. Long-range individual training strategy (Individual training Plan (ITP)) for the MOS/AOC, etc.				
b. Short-range individual training strategy for job (MOS/skill level, AOC/skill level) being trained.				
Education/Training Products				
a. Training Support Package/Lesson Plans/Instructor Notes				Lessons and objectives with interactivity level identified.
b. Tests [Must be created as part of the IMI program]				
c. Practical Exercises Sheet and solutions				
d. CAD & Supplemental Information				
e. POI				
f. Course Management Plan (CMP)				
g. Course Map				
h. Student Evaluation Plan				
i. GTA/Slides/AV products, e.g. videotapes				
j. Course in ATRRS and ATRRS Course number available				
k. DAVIS/DITIS and other library search conducted				

Proponent identified members of the Development Team				
a. Proponent identified staff SME				
b. Proponent identified staff GS 1750, ISS				
c. Proponent identified COTR				
Publications				
a. Content data: i.e., FM, TM [Extract from the task analysis data]				
b. Process/procedures regulations, pamphlets, policy letters, memoranda,				
e.g. = TRADOC Reg 350-70 = TRADOC Pam 350-70-10 = TRADOC Pam 350-70-2 = TRADOC Pam 350-70-12 = TRADOC Pam 350-70-8 = Standard lesson requirements list.				
c. Internet links to publications				
d. Blank forms as appropriate				
IMI production technical guidance				
a. Internet link to technical guidance				
b. Common Look and Feel GUI				
Proponent developed milestone plan for IMI product development				
Course/Module Validation				
School strategy and plan available which includes:				
a. Validation activities				
b. Schedules				
c. Resource requirements				
Criticality Standards for each objective determined				
Test Validation date(s) and SME identified				
DL Pre-Fielding				
Content Validation date and SME identified				
Individual Trials date and soldiers identified				
Group Trials date, soldiers, and location identified				
DL Post-Fielding				
Operational Tryouts date and class(es) identified				
DO (SOW) Completed				
DO available to meet contract requirement				
508 determination made & waiver received (as necessary)				

4/5/2007 **Note: If you check a NO, indicate why in remarks. This certification checklist must be transmitted under cover memo signed by COL/06 identified in header.**
